THE NEW BOARD MEETS

And Mrs. Whitehead Takes the
Oath of Office.

GETS ACQUAINTED WITH THE MEN

And the Educational Officers Transact Business in a Hurry—New Members in Charge—Paid Bills, Talked Blackboards, Vacation For Teachers and Commencement Exercises—A Vote of Thanks.

The school board has met and adjourned and the male members survived it, even if they did have to sit a little straighter and dispense with their fragrant Havanas while talking over educational matters. But just like selfish man they appropriated all the offices to themselves and didn't leave a crumb.

It was only a few minutes after 7 o'clock when the members of the old board of education got together in the office of George H. Owen. They had little business to transact and begun by paying two bills of \$8 each to NEWS REVIEW and Crisis for printing. Then they advised as to the kind of black boards to be placed on the walls of the new school building. Many firms have long been after the contract, but until lately no move was made to arrange for the work. The board suggested that the matter of location be left with the architect, and all other details given him to worry over, except that they get slate blackboards. Mr. Owens will advertise for bids and the work will be let to the lowest man.

Mr. Kelley reported on the new clock having been ordered and thought they had secured a bargain. He submitted a written report of the financial condition of the board.

Nothing was mentioned by the old board in finishing up its work about the crowded condition of the various school rooms around town. This matter was brought up by Superintendent Sanor some time ago but the board decided that the time between now and the spring vacation was too short to make any changes.

As a final act the old board passed a vote of thanks for Members Kelly and Kitchel, the former retiring after more than 20 years of service on the board, and Mr. Kitchel with a long term to his credit.

The new board convened at 8 o'clock and shortly afterward Mrs. R. B. Whitehead, one of the members of the board, arrived, accompanied by her husband, Reverend Whitehead. She was sworn in by W. L. Smith and introduced by Professor Sanor to the different members of the board. W. L. Smith was elected president of the board and D. F. Nellis chosen as secretary.

Professor Sanor spoke about teachers who desired leaves of absence. There were several, he said, who wanted a year's vacation in which to take a college course to better fit them for their duties here. Several members of the board thought it could be arranged satisfactorily, but had no desire to prolong the meeting, and the matter was laid over until the next meeting.

A talk about commencement occupied a short space of time. This year the exercises will serve for that of two years, none being held last June because of the extra term added to the high school. The Grand Opera House was suggested as the best place to hold the exercises, and those in charge were instructed to look after securing the theater. In all probability the sweet girl graduates will occupy the Grand this year.

Transacting their business with the same celerity the old board had used before adjourning, sine die, the new board adjourned at 8:20 to study over the novelty of having a lady member in their band. The new board will meet on Monday evening next in Mr. Owen's office, and continue to meet there until the new central building is ready for occupancy. Then they will occupy a commodious and finely furnished room in the school building.

HELP US OUT.

A Plea For Help From an East Liverpool Lady.

EDITOR REVIEW—Are you aware of the fact that there are many of our readers rendered almost desperate and despairing over the "domestic" problem. Cannot you, in your knowledge of the ways of the world, give us a helping hand? It is almost impossible to secure a trusty and reliable servant girl nowadays in East Liverpool. The aim of the girls seems to be to secure work in the potteries, even at low wages, and they evidently dread housework, although good wages are paid for such services. It seems

to me that an employment agency or bureau could make a success in our city, if properly conducted. Other cities of like size do not seem to be puzzled over this problem as does East Liverpool. Another bad feature with us exists in the fact that almost every domestic secured is a mass of pretense, as each one professes to thoroughly understand the duties of a housekeeper, cook, chambermaid, or what not, and further acquaintance with her develops the fact that she is woefully ignorant of everything but "profession." Now and then we run across a treasure, in the shape of a thoroughly reliable domestic—and a treasure indeed is she, one we will not part with, if good treatment and good wages will retain her services. Help us out of our difficulty, my dear sir, and we will rise up and call you blessed.

AT GRAND OPERA.

The Entertainment Scores a Success For the Beneficiary.

The benefit concert at the Grand Opera house last night, given under the auspices of Manley's band, for the benefit of Mr. Ed. Cunningham, was a success from every standpoint, and the beneficiary will receive a snug sum, to aid him in receiving the skilled treatment he so much desires.

Manley's band opened with the overture "Jolly Robbers," rendering the selection in a masterful manner.

Willard Morris gave a comic recitation and was heartily applauded.

"The Star of Love" was rendered in a charming manner by Miss Gertrude Temple and Professor G. E. Gotschall.

The piano solo by Mrs. G. Griffiths Dix failed to materialize, as, through somebody's blunder, an instrument had not been secured for the stage.

The United Presbyterian choir rendered "O, Gladsome Light," in a manner which won the organization hearty applause from the well-pleased audience.

John Hancock pleased the assembly with a skillfully executed solo on the coronet. John is an artist.

W. Morris gave a recitation in place of Miss Lizzie Beabout, who was booked for a vocal solo. The lady was indisposed and unable to appear.

H. Shenkel made new friends with a charmingly rendered violin solo, followed by the band with a nicely executed selection.

Miss Jessop made a happy hit in an artistic recitation. The young lady is a general favorite and her services are in strong demand at our city entertainments.

Mr. Cunningham extends warm thanks to the public for generous patronage, with the hope that the donors may receive rich blessings in consequence.

A COOL MILLION.

The Awful Loss of Two Liverpool Business Men.

The figures of \$1,000,000.00 will of themselves make one shudder with dread at the mere thought of losing such a magnificent sum. Imagine, then, the dread and horror of two of our prominent potters, as they sat in their handsome front office this morning and discovered the awful calamity which has come upon them by and through gross carelessness, and a failure to watch the signs of the times or note the change of the muscular structure of the rabbits' foot concealed in their inside vest pocket.

Not many days since, oil stood at 78 cents, and the wonderful push to the presence price was the subject of earnest consideration and much figuring by the aforesaid business men, and their lives are made miserable by the summing up of figures and facts, which show that they each lost one million dollars by not investing the miserable pittance of \$100, when oil stood at 78 cents. Such is life.

DO YOU WANT A JOB?

Civil Service Examinations Will Be Held in the City in July.

The regular civil service examination will be held Saturday, June 1, 1895. No applications accepted after May 13. The civil service commission takes this opportunity of stating that the examinations are open to all reputable citizens who may desire to enter the postal service, without regard to their political affiliations. All such citizens, whether Democrats or Republicans, or neither, are invited to apply. They shall be examined, graded and certified with entire impartiality, and wholly without regard to their political views, or to any consideration save their efficiency, as shown by the grades they obtain in the examination. The age limitations are for clerk, not under 18 years; for carrier, not under 21, nor over 40. Only citizens of the United States can be examined. For blanks apply to the secretary.

D. J. SMITH IS A LOSER

The Count is Complete and
Ashford and Hutcheson

ARE NAMED AS THE WINNERS

County Convention at Lisbon This Afternoon—Delegates Elected to the State Convention—East Liverpool Well Represented and Gets a Few Delegates.

Lisbon, April 16.—At 4 o'clock the count was complete, and Smith is a loser. This was forecast in the NEWS REVIEW last night, while other dailies by their own figures proved unreliable. The total vote of the county is as follows:

For representative—Ashford, 4,503; Hutcheson, 4,156; Smith, 3,742. Sheriff—Gill, 3,507; Snyder, 1,875; Groner, 1,172; Lawrence, 676; Moffatt, 471; Weyl, 121; McConner, 46. Commissioner—French, 2,169; Kadnal, 1,642; Norris, 1,423; Bowman, 1,367; Crook, 314; Stiller, 284; Timmons, 256. Infermary director—McBride, 1,612; Thomas, 1,142; Hastings, 856; Whitacre, 795; Peterson, 789; Flugan, 686; Weaver, 583; Vanfossan, 381; Chandler, 314.

Lisbon, April 16.—At 3 o'clock this afternoon the counting of the vote has not yet been completed, although the result is still doubtful on some points. The indications are that the winners in the race for representative are Ashford and Hutcheson, with French for commissioner. The convention this afternoon elected the following delegates and alternates to the state convention:

Delegates—E. B. Sharp, T. H. Silver, P. M. Smith, John N. Smith, John N. Taylor, W. L. Smith, W. H. Mellinger, W. A. Thompson, R. W. Taylor, P. C. Young, J. A. Ambler, R. N. Chamberlain, Jas. R. Carey.

Alternate—J. I. Brittain, J. D. Moore, W. M. Hostetter, C. A. Galbreath, Edwin Thomas, David Groner, S. Buell, William Yoe, J. H. Mills, George H. Owen, A. W. Thomas, C. Bowman, J. J. Fetser.

REPUBLICANS GALORE.

A Big Meeting at the County Seat This Afternoon.

Lisbon, April 16.—Staid old Lisbon is the scene of a gathering of Republicans today, the like of which the town has not seen for months. They began to pour in this morning and when the convention met in the court room this afternoon standing room was at a premium.

East Liverpool is represented better than any town in the county, and certainly furnishes the man who proves the center of attraction, Charles Gill, the next sheriff. On every hand Charley is looked upon as the wonder of the campaign. The manner in which he rolled up votes deprived everybody of their breath for a time, and that all believe Charley deserved it can be seen by the eagerness which all display in shaking his hand and showering congratulations upon him. It is the general opinion that Charley was the only nominee who carried power with him, and that he would have won with a hundred candidates against him.

The victorious and defeated are chatting together today wondering how it all happened, the best of good will being displayed on the part of the unsuccessful ones. There are no disgruntled Republicans in Lisbon today; they are of the kind that greet victory with joy and defeat with resignation and determination to support the ticket. They are here to canvas the vote and effect permanent county organization. The vote will be canvassed this afternoon and the list of winners will be known to all.

Cases Before Squire Rose.

Squire Rose still withholds his verdict in the Stroh Brewing company-Oschman case.

The case of Dr. L. O. Williams versus Harry H. and John W. Nott will be tried at city hall at 8 o'clock Thursday morning before Squire Rose, and a jury.

Laura Gamble secured judgment for \$20 against Walter Young and wife in the same court this morning.

The Grand Army Jubilee.

The old veterans assembled at the Grand Army hall last night and made arrangements for the reception of Department Commander Nutt next Thursday night, March 18, at Bradshaw's hall. The program is an excellent one and will no doubt attract more people than can be accommo-

dated. Every Grand Army man in the city, accompanied by his wife and family, should be present, while the Relief Corps and Sons of Veterans will no doubt be out in full force. The old veterans, backed by reliable auxiliaries, always make a success of anything they undertake, and the reception to Commander Nutt will be no exception to the general rule.

Will Meet Thursday Night.

The meeting called for all those interested in forming a poultry association was not largely attended as a result of the bad weather the other night, and no definite action was taken. The matter was talked over, however, and it was decided the affair could be made a success if a good attendance is secured. Accordingly they will meet in council chamber at city hall again on Thursday evening of this week. Everybody interested in poultry and those who would like to see an association and eventually a show here, are requested to be present at this meeting.

Buried This Afternoon.

The funeral of Mrs. Christopher Bright took place from the First Methodist Protestant church this afternoon at 2 o'clock. Reverend Whitehead conducting services. The remains were laid to rest in Spring Grove cemetery.

The little child of Samuel Ashbaugh, aged one year, died this morning with catarrh of the stomach. Funeral from the family residence, Fifth and Jefferson streets, at 2 o'clock Thursday afternoon, Doctor Huston officiating. Interment in Spring Grove cemetery.

Coming His Way.

There is no doubt now that the proposed bridge across the river is an assured fact, and contractors are in the city almost every day. Two engineers, representing one of the largest contracting firms in this part of the country, were here yesterday and viewed the site. A few months ago the company were compelled to advertise their wants, but now the intent to build the bridge has been heralded so far that the contractors are hurrying to make their desires known. A number of concerns are after the big contract.

Steubenville Presbytery Meets.

The Steubenville presbytery convened at the new Presbyterian church, Toronto, last night for a two days' session. The program for the meeting was: Prayer, rollcall, report of the committee of arrangements, sermon by Rev. R. T. Price, appointment of committees, and other business. The East Liverpool churches are represented at the session.

Went to the Hospital.

Chris Ackerman left this morning for a Cleveland hospital where he will undergo an operation and take treatment. This will make the fifth time that he has been in a hospital for relief, and believes it will be his last. He was much discouraged and bade his friends a tearful goodbye.

Waiting For His Pass.

"Nibbo" Carey, the base ballist who will play this season with the Salem, Mass., team, is now waiting for an all important part of the contract. He was to have joined the club in Salem this morning, but his ticket did not arrive and he has telegraphed for it.

A False Report.

Rumor was going the rounds yesterday that a well known young man had been seriously injured in a street car accident near Walkers. There was as much foundation for the story about the mishap as there was in the tale about his condition.

Hurt His Hand.

Mert McFarland, an employe of John Rinehart, injured his hand badly yesterday. He was operating a feed cutter and got several of his fingers among the knives. The members were cut badly and will lay him up for awhile.

Funeral Today.

The little child of Lot Haney died on Sunday after a brief illness. The funeral took place from the family residence, East End, at 2 o'clock this afternoon with interment in Long Run's cemetery.

In New Quarters.

Henry Ashbaugh, well and favorably known in East Liverpool, formerly engaged with Bradshaw & Ashbaugh, Sixth street, is now clerking for W. J. Harvey, corner Walnut and Robinson street.

Moved From New Castle.

The household goods of Mrs. Annie Surles arrived Saturday from New Castle. The family will make their home in this city.

HE STOLE TWO HORSES

A Thief Determined to Have a
Match Team.

AN EXCITING MIDNIGHT CHASE

A Pittsburg Man Touches Joseph Laughlin and George Miller For One Horse Each and Harvey Calvin For a Buggy, But Wellsville Officers Make the Entire Outfit In.

Horse thieves did a nifty trick near Calcutta last night, and got away with several hundred dollars in horse and carriage.

It was about midnight when Joseph Laughlin, who resides near Calcutta, discovered that his fine match team of sorrell horses, valued at \$500, was not all there. One of them was gone and whether he knew not, nor was there any way of discovering. Laughlin went to the farm of Harvey Calvin, a short distance from his place, to get aid in capturing the thief. Calvin was willing, but found it would be impossible to make the trip in his best buggy, as it was missing from its accustomed place. The two decided that the stolen horse and buggy were not far apart. They started accordingly to search the country for the thief or thieves, more likely the latter, as the buggy was stolen. Finally they struck a clue and by careful and close inquiry found that the thieves had found this way. It was about 3 o'clock this morning when Laughlin and Calvin secured a team and carriage from John Rinehart and started toward Wellsville. Night policeman Kinsey informed the pursuers that he had heard an outfit go through the Diamond but could not tell which way it went, so far away was he at the time. The Calcutta men learned during their chase that another horse had been added to that of Laughlin's, so the thieves had an abundance of animals for one night. The pair wanted to borrow a revolver from Officer Kinsey but did not seem to care much when they could not get it. They started out determined to get the robbers, and continued their journey unarmed.

The pursuers notified the authorities at Wellsville, and went on down the river. About 4 o'clock this morning the thief arrived in Wellsville, and was arrested by Officers Marshall and Duncan. He gave his name as Shears, of Pittsburg, and was locked up. He had both horses and the buggy when he reached town, and it was learned later that the extra horse belonged to George Miller, near Calcutta. Shears could not get at Laughlin's other sorrel, as it was in a box stall, so he took Miller's to match it as nearly as possible.

Will Revise the Scale.

The jiggerman's local union will meet tomorrow evening to settle the trouble finally regarding the new "Jumbo" jigger, and to revise the scale paid for some other work. It was reported that a general revision of the scale of wages would be made, but from another source it is learned that such is not the case. The meeting tomorrow night will no doubt be largely attended, as the committee will be able to report finally and it is desired that all be present. Although some of the potteries are now paying lower wages for jiggermen's work than others, it is not thought there will be any great trouble after the new list is presented.

Zoellars Sends a Letter.

Lyman Rinehart states that he has received a postal from Dutch Zoellars, at the Lisbon jail as follows:

"Two closed cabs wanted on April 15 to take myself and the notorious John Henry to the Ohio penitentiary. Got two years each. Four aces got beat in court. Yours truly,

"CHARLES ZOELLARS."

The postal is said to be a wonder or curiosity in the line of chirography, but it shows that the writer still retains that nerve he has had with him all along, and continues to get sarcastic whenever occasion permits.

In Police Court.

City hall is deserted today save for an occasional officer, the authorities being in Lisbon. The hall contains but one prisoner, John Burns. He was fined \$7.60 and will clean up city hall to pay the amount. Joe Salisbury appeared last night for fighting with a man named Potts and paid \$6.60. No new arrests have been made since Sunday.

A Circus Coming.

E. L. Branden, advance agent for Sells Bros' circus, was in the city today arranging for the show here. This will be the first circus of the season, and will come to town on May 13.

PEACE TREATY SIGNED.

His Son-in-Law Telegraphs the News to Shanghai.

KOREA GIVEN INDEPENDENCE.

Japan Retains the Places She Has Captured and China Pays Her an Indemnity of \$100,000.—Island of Formosa Ceded Permanently to Japan.

LONDON, April 16.—A dispatch to The Times from Shanghai says that Li Hung Chang's son-in-law telegraphs that a peace convention has been signed at Shimonsiki by the plenipotentiaries of China and Japan. Following are the terms of the convention.

1. The independence of Korea.
2. That Japan retains the places she has conquered.
3. That Japan shall also retain the territory east of the Liao river.
4. That the Island of Formosa be ceded permanently to Japan.
5. The payment of an indemnity of \$100,000,000.
6. An offensive and defensive alliance.

BUILDING INSPECTION LAW.

Wheeling Intends to Have One That Is Very Stringent.

WHEELING, April 17.—As a result of the awful disaster that resulted from the falling of the buildings on Main street and caused the loss of six lives, this city will, within a few days, have one of the most stringent building inspection laws in the United States. The main features have been decided upon, and they call not only for the safety of new buildings, but also for the tearing down of old ones which are deemed unsafe.

There are numerous buildings in the city, swarming with human beings, which will not pass muster, and the builders are looking forward to a busy season as soon as the inspectors get to work.

Baltimore's Exposition Begun.

BALTIMORE, April 16.—The international exposition of 1897, to mark the first centennial of Baltimore as a municipality, was begun by the city taking formal possession of Clifton park, wherein will be erected the necessary buildings. Bishop Paret opened the exercises with prayer, and with prayer Cardinal Gibbons brought them to a close. The addresses were made by Governor Brown, Mayor Latrobe, Attorney General Poe and Rev. Mr. Campbell.

New Schemes of Tammany.

NEW YORK, April 16.—The bravos of the Society of Tammany or Cushman order, met in the wigwam in Fourteenth street and elected sachems for the ensuing year as follows: Sachems, Richard Croker, Hugh J. Grant, Thomas L. Feitner, George B. McClellan, Charles Welde, Daniel Sickles, Patrick Keenan, William Sulzer, William Solmer, Henry D. Hotchkiss, John H. Patrick, Augustus W. Peters and Amos J. Cummings.

More Troops Wanted In Iowa.

OTTUMWA, Ia., April 16.—The coal mining situation at Cincinnati is growing alarming. The miners congregated there say they will get the Cincinnati men out at all hazards. Major General Prime and Adjutant General Prime of the state militia are on the ground and have asked the governor for more troops. The sheriff is swearing in deputies on all sides. It is understood the miners have 20 Winchester and dynamite bombs.

Two Counterfeiters Arrested.

ST. LOUIS, April 16.—John Gideon and Francis O'Ross of Poplar Bluffs, Mo., have been delivered to the United States authorities here, charged with manufacturing and selling moulds for counterfeiting coin, also on a charge of molding the "queer." Gideon is the son of a well-known Methodist minister at Poplar Bluff. O'Ross is also well connected.

Engaged In a Fatal Duel.

SELMA, Ala., April 16.—J. A. Minter and H. A. Dudley, two prominent planters, have engaged in a fatal duel at Tylers, 11 miles east of this city. Minter fired three times and Dudley twice. The last shot fired by Minter took effect in Dudley's bowels. There has been an old feud between the men for several years past.

Carlisle May Speak In Kentucky.

WASHINGTON, April 16.—Secretary Carlisle says that he would like very much to take part in the approaching campaign in Kentucky and would certainly do so if his official duties would permit. Mr. Carlisle in his speeches undoubtedly will confine himself closely to a discussion of the financial questions of the day.

Killed by a Locomotive.

FORT WAYNE, April 16.—A Pennsylvania engine, running light, struck a buggy at Maples, ten miles east of here, and instantly killed Cass Smiley, a young farmer, and seriously injured Miss Van Buskirk. The horse was also killed and the vehicle smashed.

HARRISON HAS DECLINED.

He Won't Be at the Cleveland Convention. Won't Make Political Speeches.

CLEVELAND, April 16.—Postmaster Anderson and Congressman Burton have returned from Indianapolis, where they went to invite ex-President Harrison to make an address before the convention of the League of Republican clubs, to be held in this city in June. Mr. Harrison said that he regretted very much his inability to address the convention, but that he could not do so consistently.

"Mr. Harrison has taken the position that he will make no political speeches," said Mr. Burton. "He told us that the only reason he worked in New York in the interest of Morton, last fall, was that the story had been started that he was opposed to Mr. Morton and he desired to show by his work that he was not."

McBRIDE NOT TO RESIGN.

His Friends Say He Will Resume His Duties When Well.

COLUMBUS, April 16.—John McBride writes from Hot Springs that he is slightly better and expects, April 22, to attend an important meeting at Indianapolis of the American Federation of Labor.

Mr. McBride's most intimate friends here say that they have no intimation that he intends to resign as president of the American Federation of Labor. On the contrary, he expects to resume his duties which have been looked after during his illness by the vice president as soon as his health will permit. The meeting at Indianapolis is simply a meeting of the executive committee of the federation, which has been called to consider various matters referred to.

Cleveland Wants an Appropriation.

CLEVELAND, April 16.—Cleveland will undoubtedly ask the next congress for the first of \$700,000 of appropriations in order to make permanent the big break-water which cost a million and a half. The wooden superstructure is rotting, and in two years more it will be weak enough for the waves to tear it to pieces. Colonel A. Smith, the United States engineer, will recommend his next report that the government build a concrete superstructure which will be practically indestructible.

An Ohio Mine Flooded.

SALINEVILLE, O., April 16.—The old shaft coalmine here was flooded Saturday by the breaking through of the roof. The miners who were at work at the time had narrow escapes. Efforts to divert the course of a creek from which the water comes have been unavailing, and it is feared that both the old and new mines will be filled with water. Two hundred men will be thrown out of work and the loss will be about \$25,000.

Will Prefer Charges Against McVein.

CLEVELAND, April 16.—John P. McVein, a national director of the A. R. U., is being hauled over the coals for alleged adherence to Republican theories by members of the local union. He is also charged with having left Chicago last year during the labor troubles in the heat of the conflict and taken refuge in Cleveland. President Higgins of the local A. R. U., it is stated, will prefer charges against the director on all of these counts with the heads of the order.

Pat Elliott to Be Tried.

COLUMBUS, April 16.—Pat Elliott, for the killing of Hughes, Feb. 23, 1891, in the big shooting street affray here, is to be taken to Lancaster, O., May 27, for trial. Hughes was killed by accident while the Elliott brothers were killing Osborne. Patrick, serving 20 years, and to get a parole must first get the Hughes case off the docket by standing trial and taking his chances of acquittal, or conviction of something less than murder in the first degree.

A Strike at Cincinnati Ended.

CINCINNATI, April 16.—The strike of the Coatmakers' Protective union is over. There is a prospect that the 6,000 idle operatives will be given work immediately. The terms of settlement are that each individual member of the union is to be permitted to make whatever contract he pleases with the manufacturers who employs him, which is a surrender on the part of the strikers.

Will Load at Toledo.

TOLEDO, April 16.—It is given out here that the Standard Oil company will make this port the loading point for the oil barges it is building at West Superior, Wis. At first it was thought that Whiting, Ind., would be chosen and why the change was made is not known. Another report is to the effect that one of the barges will run to Whiting and the others to this port.

Incorporated In Ohio.

COLUMBUS, April 16.—The following articles of incorporation were filed in the office of the secretary of state: C. A. Howe Livery company, Toledo, capital stock \$5,000; Elberta Lodge K. of P., Norwich, Y. M. I. Building and Loan association, Cincinnati, capital stock \$1,000,000.

A Fatal Boiler Explosion.

KENTON, O., April 15.—The boiler in L. Emmon's sawmill at Foraker, seven miles west of here, has exploded, killing James Stien, wounding George and Sabe Emmons and John Matthias, the last two probably fatally.

Hon. David Harpster Ill.

TOLEDO, April 16.—A special from Upper Sandusky, O., says that Hon. David Harpster, the well-known wool king, is seriously ill and is not expected to recover.

Dr. Lawrence Rust Dead.

MOUNT VERNON, O., April 16.—Dr. Lawrence Rust, senior regent of Kenyon Military academy and a well-known educator, has died here.

An Advance In Ohio Oil.

TOLEDO, April 16.—Ohio crude oil advanced 10 cents yesterday. North of Lima is now \$1.17, south of Lima \$1.15 and Indiana \$1.05.

Beaten by Masked Robbers.

HUNTINGTON, W. Va., April 16.—Four masked robbers entered the home of John Yager, a wealthy farmer, a few miles south of this city, and after beating Yager with clubs till he was unconscious proceeded to rob the house. They all made good their escape. Yager is fatally injured.

MAGGIE PREFERS HANGING.

The Tiller Woman Refuses Commutation to Life Imprisonment.

CHICAGO, April 16.—Maggie Tiller, the colored woman who was convicted of murder, has declined to accept Judge Clifford's offer to grant her a new trial on condition that she plead guilty and her sentence be reduced to life imprisonment. "I would as leave be hanged as to go to jail for life," said she.

If she clings to her determination to refuse to plead guilty Judge Clifford will be forced to pronounce the death

MAGGIE TILLER.

sentence upon her. She killed Charles Miller because he paid attention to Freida Huntington, her most intimate friend, to whom she was deeply attached.

CUBA'S LAST HOPE GONE.

Maceo Captured by the Spanish and Crombet Killed.

HAVANA, April 16.—Maceo is captured and Cuba's last hope is gone. Crombet has been killed. Without these two leaders all is chaos in the insurgent ranks and liberty's most ardent friends admit that the Cuban cause is lost. The Spanish authorities are posting bulletins and the loyalists in Havana are celebrating the ending of the revolution. Without Crombet and Maceo there can be no real war.

The Cuban army and the Spanish soldiers met at Palmarito. The rebel forces numbered 2,000 men, while that of the Spaniards 3,000. A desperate battle followed, and according to official reports, lasted two hours, at the end of that time the rebels retreated, were pursued by the Spaniards and Maceo captured. His secretary was also taken and all the personal and private papers of General Maceo were confiscated. The battle was a hard fought one, and the insurgents battled desperately against odds. The Spanish soldiers resisted with remarkable courage the onslaught of the rebels. In the battle, a hand to hand conflict, a number of Cuban officers, one of whom was a colonel, were killed.

They Answer McNulta's Charges.

CHICAGO, April 16.—J. B. Greenhut, president of the whisky trust, and Nelson, Norris & Co., have made answer in the United States circuit court to the charges of Receiver McNulta on the cattle feeding contract, alleged to have been fraudulently conducted to the detriment of the trust, and for whose abrogation the receiver has petitioned the court. Both deny that there was, or is, any intention to defraud, and allege that there will be some profits to share with the receiver at the end of this season.

Nicaragua's Reply to England.

LONDON, April 16.—Sir Thomas H. Santerson, permanent under secretary of the foreign office, admits that the reply of Nicaragua to the ultimatum of Great Britain demanding an indemnity of \$75,000 as reparation for the expulsion of Mr. Hatch, the British consular agent from Nicaragua territory, has been received, and that, generally speaking, it is a proposal to appoint a commission to settle all questions of indemnity, and an agreement to abide by the decision of the commission.

Gladstone Scores the Turks.

LONDON, April 16.—Mr. Gladstone has received at Hawarden a deputation of Armenian refugees who recently arrived in London from the scene of the massacre. He expressed his deep sympathy with the Armenians, and said that unfortunately the Turk was an old offender. The danger of the situation, he declared, was that useful action might cease, owing to the Turkish promises of reform, which were not worth the breath spent in their utterance.

LOCAL BREVITIES.

Miss Bertha Walter is suffering with a very severe cold.

A small boy with a bottle of liquor in his pocket was one of the sights on Fourth street last night.

Numerous bicycle accidents occurred last evening, but there were none of any consequence.

The family of J. J. Barrett has moved from Bradshaw addition to Third and Washington streets.

Chris C. Shoub, son of C. V. Shoub, of Wellsville, and Miss Caroline Aeckerle, of Liverpool township, were licensed to wed Saturday.

A leak in the boiler at Sebrings caused a partial shut down yesterday, but the damage caused by the enforced idleness was not great.

Happy Reark, who has signed with the Twin City base ball club for the coming season, will leave on Saturday next to join the team in Dennison.

Tramps are evidently on the increase. People residing along the railroad say that every sunny day sees more tramps passing along than the preceding one, and the nuisance promises to grow accordingly.

Mr. De Vinney, a Pittsburg man, was in the city yesterday looking for a location. He expects to start up in the restaurant business, and thinks East Liverpool is a town as good as any along the Ohio river.

J. S. Dixon has returned from his trip to Chattanooga, but left behind several of the party who will remain in the south. All were highly pleased with the country, but Mr. Dixon has not decided to locate there.

Work on the addition to the Thomas pottery was resumed today after a rest of a week. The cessation was caused by the absence of some necessary castings. From appearances the building promises to be a beauty.

Favorite tent, Rechabites, at their meeting last night, initiated five candidates into the mysteries of the initiatory degree, received one application for membership, and conferred the Knight of Justin degree on seven candidates.

Business is not by any means rushing in the vicinity of the wharfbots but the boats add some to their trips each day. The Bedford and Keystone State passed down last night, each with big trips. The river continues to fall at a rate which would be disastrous to traffic if it continued long.

Doctor Lee and John A. George went to Toronto last night to attend the meeting of the Steubenville presbytery. The most important business of the session is the licensing and ordaining of A. D. McCollough, the young minister who will be the pastor at the Second Presbyterian church in this city.

A Lisbon man who was not interested in Charley Gill's success telephoned a prominent politician in the city yesterday, and wanted to know if the ferryboat was running on Saturday. To this went the reply: "No, sir. We have Jim McDonald's bridge now; we don't depend on the ferry," and the Lisbon man swore.

The Rechabites of Favorite tent announce that their charter is now closed, and all who go in under the present state of affairs must pay the old price. The lodge has increased wonderfully since the charter was opened, and several others who have watched the successful attempt contemplate doing likewise to increase their numbers.

Night policeman Collin Kinsey ejected a man from the Porter building in the Diamond last night. The individual was drunk and took a notion to sleep in the place but met with obstructions. This is the third or fourth time the party has been warned away and those most interested will cause his incarceration the next time it occurs.

Residents of the river district have been bothered by people who evidently have no fear of shot guns or threats of arrest. It is now thought that the people who broke into the Kaiser kennel and were shot at five times, are the ones who visited Stoffell's saloon and abstracted a half barrel of beer without the owner's consent. There is not enough evidence yet to warrant the arrest of the men.

A short time ago a couple of young men living along the railroad purchased from John Brighthouse a pair of bull dogs. That is, they simply bargained for them; but as the canines were only a few weeks old they did not want to take them from the kennel. One night shortly afterward some strangers visited the place, broke open the door, and were rapidly making off with four pups when the owner appeared. He fired fiveshots and was rewarded by hearing two yells from the crowd. The two purchasers did not pay particular attention to the affair at the time, but since then their two pups, which were thrown on the ground when the shots were fired, have died. Needless to say there are three mad men in that vicinity, and they will use a cannon if the thieves return.

Our Buyer

Is just back from the east. The goods are piling in by every train, and we are marking them and putting them on sale as fast as possible. We considered our spring stock complete before the arrival of these goods, but since opening up our late purchases we find that we are able to say that we have never shown a stock like it.

Spring Capes.

Just the nicest stock we have ever shown. All styles and prices are represented. You can be pleased regardless of how hard you might be to be suited, the range is so great and the prices so reasonable.

Shirt Waists and Separate Skirts.

Are also displayed on this floor. It is a proper thing to have a combination of this kind, and when you see how inexpensive they are you will not hesitate to buy.

Lace Curtains.

Housekeeping time is here. It used to be that to buy lace curtains was a luxury that only a few enjoyed, but now it is entirely different. The prices have come down to that figure where to do without lace curtains is not necessary, even among the most economical. Think of buying a lace curtain for 50c a pair. We have them, and not bad looking ones either, but we have better ones at 75c, \$1.00, \$1.25 and \$2.00 per pair. You will buy when you see them.

Dress Goods.

We cannot describe them. Come and see them. We do not wish to blow, but if you think you could find a better selection, or better styles, in any city store we allow you the privilege of proving it to us.

CERAMIC CITY CASH

Will Build a Pottery on the Sea Coast.

JAMES STEWART GOES TO LOOK

After a Location For the Big Plant—Advantages in the West Not to Be Overlooked—A Local Syndicate Seeks Pastures New in a Promising Country.

East Liverpool capital is seeking a new location in which its owners may increase it many fold and at the same time prove to the world that the people of the Ceramic City can manufacture ware equal to any in the country.

The idea is not exactly a new one with the projectors. They have thought of it for some time but kept it to themselves. They have been in communication with parties in different parts of the great west and have received flattering offers. The natural advantages of locations on the sea coast have attracted their attention more than anything else, however, and it is there that they contemplate building. The advantages of a location in the West, and particularly on the coast, as they now have in view, are such that they cannot be duplicated in any other section, and just what they desire for the starting of a big pottery. It is far enough from the metropolis to insure no interference from that point, and satisfies the desire to get as far from New York as possible.

James Stewart, who was mentioned in the News Review yesterday as resigning his position as foreman at the Goodwin pottery, left last night for a trip through the west in the interests of the company. They will act on his report when he returns, having fully decided to build the plant.

A Successful Masquerade.

The masquerade given last night in Bradshaw hall by the Waverly club was perhaps the most pleasant ball ever attended by dancers in the city. A Pittsburgh costumer furnished suits for many, while some wore handsome costumes of their own. All in all there was a great variety and more odd as well as beautiful costumes among the dancers than has been seen in the city for many a day. About 40 couples danced in mask until 11 o'clock and participated in the grand march. Some 10 or 15 additional couples enjoyed the dance after the others had unmasked. The dance did not end until after 2 o'clock this morning. Among those from other towns were Miss DeFord, Allegheny; Miss Sipe, Toronto; Miss Kraatz, Martin's Ferry.

The Young Men's Catholic club will give a ball in Wellsville Thursday evening and a large number from this city will be present.

The Elks will give another of their ever enjoyable social sessions in their hall tomorrow evening.

Some of the older members of the Sons of St. George, with their wives, enjoyed a pleasant evening in Red Men's hall last night. The dance lasted until after midnight.

Liverpool Legends.

Pay your debts and act the man; its sometimes tough to follow this plan; but, in the end 'twill brighten your face, and mayhap save you keen disgrace.

The soiled doves who imagine that they can run affairs in the East End are counting without their host, as there are residents in that part of our city who will not permit such characters to conduct themselves in any but a legal manner.

When female saloonists rush frantically into print and pose as martyrs, on the plea that they are being persecuted because they would not subscribe to the saloon fund, it is dollars to doughnuts that they are dealing in Munchausenisms.

Legend has it that Chester has a domicile within her limits, where dwell notorious females, backed by creatures who call themselves men and relatives. A coat of tar and feathers would make a handsome spring suit for such nuisances.

A manly man, composed of the right material, will not be a fool for any man or body of men. Make it your aim to get right in the first place; go over the ground carefully and be sure you are right; then ask God's blessing on the right, and merely sympathize with and pity those who attempt to drive you away from your solid structure.

The rumor that there was a mad dog on the rampage in the East End yesterday has proved to be a fact. The dog in question was sitting quietly on the curb near Councilman Marshall's home, and was disturbing no one, but calmly considering the soiled dove problem, when a tipsy individual came rolling by and kicked the canine into the middle of the street. Of course the dog was mad.

Cheek is not true independence or legitimate push, by any manner of means. It requires brazen cheek to imagine that you can run a paper, daily or weekly, on wind and assurance, with nothing back of the sheet but fakir-like impudence. It takes money and brains to run the average daily, or even a weekly. It is understood, however, that the weakly supposed to be controlled by j. h. s., is not included in this estimate.

There is fun in the atmosphere for men who claim to know all about the newspaper business, and who assert that they will teach a certain daily and its management that they (the fakirs) are a power not to be trifled with. The lightning of truth and right is now balanced over the head of said blowhards and bluffers or said perambulating fakirs, and when the bolt is shot, there will not be so much as a grease spot left of the braggarts. Turn on the light.

It is fun to see the average beginner take his first lesson on a bicycle. The sight was witnessed in front of the

A SURGEON'S KNIFE

gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

Triumph of Conservative Surgery is well illustrated by the fact that

RUPTURE is now radically cured without the knife and without pain. Clumsy chafing trusses can be thrown away. They never cure but often induce inflammation, strangulation and death.

TUMORS Ovarian, Fibroid (Uterine) and many others, are now removed without the perils of cutting operations.

PILE TUMORS, however large, other diseases of the lower bowel, are permanently cured without pain or resort to the knife.

STONE in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

STRICTURE of Urinary Passage is cured in hundreds of cases. For pamphlet, references and all particulars, send 1 cent (in stamps) to World's Dispensary Medical Association, 653 Main Street, Buffalo, N. Y.

MOTHERS

and those soon to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its terrors, terrors, and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Tenn., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stouter now than I have been in six years. Your Favorite Prescription is the best I have ever taken before confinement, or at least it proved so with me. I never suffered so little with any of my children as I did with my last."

postoffice last evening, when a student of the art preservative waltzed all over the avenue, ran into a vehicle standing by the curb, and finally reclined at full length under the belly-band of a calm-eyed horse, the latter so disgusted with the bicycle dodger's efforts as to look with contempt upon him, not believing such a poor mortal even worthy of a kick.

WON'T PAY INCOME TAX

The Standard Oil Company
Won't Make Return.

GOVERNMENT WILL HAVE TO FIGHT

The Big Oil Combine Determined to
Let the Government Take Action—A
Rehearing Petitioned For in Wash-
ington—Administration Favors It.

TOLEDO, April 16.—A Toledo gentleman who returned from the east last week and who had exceptional opportunities for learning something of the plans of that great organization, said to a reporter here that he was informed that the Standard Oil company would make no return of liability for income tax, and the government would then be required to proceed against the company.

Mr. A. J. Hubbard, the Standard's manager at Toledo, could give no information on the subject. "The law," said Mr. Hubbard, "provides that companies doing business at various points, or in a number of states, may pay their income tax at their principal places of business. We are not in a position here to know anything of this matter, for I have been instructed to forward any blanks or other matters connected with the income tax to the New York office."

A REHEARING PROBABLE.

Petition Filed in the Supreme Court.
Administration Favors It.

WASHINGTON, April 16.—Copies of the petition asking a rehearing of the income tax question have been handed around to members of the United States supreme court.

The petition for rehearing sets forth that while the court has decided two points of the law, as to rents and municipal bonds, yet no judgment has been announced, authoritatively establishing any principle for interpreting the act on the following three points:

1. Whether the void provisions invalidate the whole act.

2. Whether, as to the income from personal property as such, the act is unconstitutional as laying direct taxes.

3. Whether any part of the tax, if not considered a direct tax, is invalid for want of uniformity.

The petition for rehearing then recites that in the early history of the supreme court, a rule of practice was adopted requiring, if practicable, constitutional questions to be heard by a full bench. It then asks for a hearing before a full bench.

In conclusion the petition asks that the cases be restored to the docket for reargument on the questions upon which the court was evenly divided. In case this is denied, the petition asks that the court below may be directed to determine, first, whether or not the invalidity of the statute in the respects already specified renders the same altogether invalid, and second, whether or not the act is constitutional in the respects not decided by this court.

Dissatisfaction with the decision of the court seems to be general, and it is believed that the administration will do all in its power to secure a rehearing of the case. The government, however, will not consent to a reargument of any particular question involved but will insist that if a rehearing is granted the whole case be reargued. The only point decided by the court meeting with approval of the government is that exempting from the tax incomes from state and municipal bonds.

The rent exemption is being vigorously attacked, and the contention is made that if the late decision stands, persons who paid the \$150,000,000 or more collected during the war on income from rents have at least an equitable claim against the government for restitution.

May Have Killed a Third Woman.

SAN FRANCISCO, April 16.—Theodore Durant has been formally charged with the murders of Minnie Williams and Blanche Lamont. A further mystery is added to the affair of the Emanuel Baptist church by the report that Mrs. Ella Forsyth, who has been missing for a week, was also a member of that place of worship. It is surmised that she may have shared the fate of Blanche Lamont and Minnie Williams.

A Witness Confesses a Crime.

RETLAND, Vt., April 16.—The trial of Henry Harris for the murder of Henry Danille Lawrence came to a sudden end when Albert Brown, a state witness, confessed that his father and himself had killed Lawrence at their home, and that Harris knew nothing of it. Harris was at once acquitted and released. Brown's father and mother, who witnessed the murder, are dead.

Likely a Fake Rumor.

PARIS, April 16.—The Figaro gives currency to the rumor that Dr. Nansen, the Arctic explorer, has found the North pole, and that it is situated on a chain of mountains. It is also said that Dr. Nansen planted there the Norwegian flag. The story is regarded as without foundation in truth.

Big Floods in New England.

BOSTON, April 16.—Maine, Vermont, New Hampshire and Massachusetts are experiencing the worst floods since 1862. Rivers and smaller streams are overflowing their banks. Much damage has been done to property.

Terrible Sand and Rain Storm.

KANSAS CITY, April 16.—The entire southwest and part of the west, including Southern Kansas, Oklahoma and the Panhandle of Texas, has been afflicted with a terrible sand and rain storm.

Has Died at 108.

HUNTINGTON, W. Va., April 16.—Thomas McKane, 108 years old and the oldest inhabitant of this state, has died here. He entered the War of 1812 at the age of 25.
